OUR WASHINGTON LETTER

FROM OUR REGULAR CORRESPONDENT

WASHINGTON Saturday Aug 29 1868

THE POLITICAL SITUATION

The Union Republican Congressional Committee are daily receiving numbers of letters from every section of the country all giving most cheerful accounts of the political situation. Reports from every quarter indicate that Grant and Colfax are rapidly gaining strength

NEW ENGLAND

Throughout the New England States the Democrats are making great exertions to reduce the Republican majorities. They hope to carry Connecticut which they have held for two years and are making extraordinary exertions to redeem Maine but with no prospect of success. Maine has been canvassed by Geo H Pendleton and many other leaders of the Democracy from other States. On the Republican side the people have been addressed by Senators Morrill and Fessenden James G Blaine and numbers of other local speakers and by Gen Farnsworth, of Illinois Gen Sickles of New York ex senator Creswell of Md, Judge Kelley of Penn Gen Logan of Ill, and various other distinguished orators. The Republican candidate for Governor is General J L Chamberlain, who has served as chief magistrate for two years and the Democratic candidate is E F Pillsbury editor of the Maine St[illegible] a virulent Copperhead sheet now and during the war. The Republicans think they can increase their majority of last year which was about 11 000 and many count on a majority of 15 000 or 20 000. They expect to carry each of the five Congressional districts although the Democrats claim two of them—the First and Second

In Massachusetts where the State election does not occur till the 3d of November the State nominations have not yet been made and consequently the canvass has not fairly commenced. William Claflin of Boston Chairman of the Union Republican National Committee will probably receive the nomination for Governor

In New Hampshire Rhode Island and Connecticut the State elections have been held but the canvass for the Presidential election has commenced in earnest. Connecticut is the only one of the New England States which the Democrats claim and it is not certain that they can carry it. Well informed Republicans are sanguine that Connecticut will vote for Grant and Colfax

NEW YORK

The Union party of New York is as well or better organized than ever before. Grant and Colfax clubs and companies of Boys in Blue have been organized all over the State. John A Griswold member of Congress from the Fifteenth District and the Union candidate for Governor is very popular and will receive the full vote on the 3d of November. He is a favorite with the Germans and they have formed clubs in nearly every part of the State and Gen Carl Schurz has been engaged to address them in German and is now entering upon the canvass. Nearly all the leading Republican speakers in New York are in the field assisted by several distinguished persons from other States. Both parties are putting forth their utmost efforts and both feel quite confident of success. The present indications are that the Republicans will carry the State notwithstanding the fact that they must reverse a Democratic majority of nearly 50 000 at the last election

NEW JERSEY

The contest in New Jersey is as lively as in New York. Both parties claim the State but it is difficult to see on what ground the Democrats base their claim. The Republicans never were so well organized before, their enthusiasm is unbounded and they seem to be certain of victory. They have clubs of Boys in Blue, Mounted [illegible] and Grant and Colfax clubs in every city town and county in the State. Their candidate for Governor John I Blair is very popular and there are the best of reasons for believing that New Jersey will cast her vote for him and for Grant and Colfax on the 3d of November. Among those from other States participating in the canvass in New Jersey are Senator Wilson Gen Logan ex Governor Hawley and Lyman Tremain

PENNSYLVANIA

Pennsylvania is another one of the States [illegible] the Democrats [illegible] but they [illegible] have no reasonable ground for such a claim. They only had a majority of a few hundred last year when the Republicans were disorganized and nearly thirty per cent of the party refused to vote. On the other hand the Democrats rallied their last man and even then would have failed had it not been for glaring frauds committed by them in several counties. Now the Republicans present a united front [illegible] the enemy and will cast many thousand more votes than they did last year. The canvass has now fairly commenced. A Union meeting was held at Allentown last Saturday and speeches were made by John W Forney and others. Gen Carl Schurz spoke at Pittsburg last Monday in German and English to large and enthusiastic assemblages. Gen Schurz and A W [illegible] addressed an other meeting at Lancaster on Wednesday evening the 24th instant. The same evening the Republicans of Philadelphia had a splendid torchlight procession and a great mass meeting addressed by Forney and others. The State election will be held on the 13th of October

OHIO

Within the last fortnight the political excitement which has been prevailing in other States has broken out in Ohio and that State is now ablaze with excitement and enthusiasm. The Republicans are organizing clubs in every city town and county and during the past and present week enthusiastic meetings have been held in nearly every part of the State. A meeting was held at Hillsboro on Thursday of last week and addressed [illegible] by Senator Sherman and there [illegible] at Columbus on Friday [illegible] at West Salem the same day [illegible] and on Saturday [illegible] at Vansville [illegible] at Canton [illegible] at Steubenville [illegible] at Washington addressed by Senator Sherman and one at Cincinnati. The crowd at Wilmington was estimated at 8 000 and the meeting at Cincinnati covered twenty acres and numbered 10 000 people. Five thousand torches innumerable banners and hundreds [illegible] transparencies marched in the procession at Cincinnati. Schenck Ashley Bingham Eggleston [illegible] Law [illegible] and nearly all the [illegible] Republic[illegible] not have [illegible] renomination and they will make a very thorough and able canvass. If there be any thing in the signs of the times the Union party will carry Ohio on the 13th of October by a high and dry [illegible] Grant and Colfax will have a hard time [illegible] majority in November. The Republicans have 1 [illegible] clubs in the State

WEST VIRGINIA

Wm E Stevenson Union candidate for Governor of West Virginia and various others are canvassing the State. West Virginia is conceded to the Republicans. The State election takes place [illegible] October [illegible]

[illegible]NA

The excitement and enthusiasm is greater in Indiana than in any other State. For two months the people have been wild with enthusiasm and processions flag raisings and mass meetings have been the order of business. Last week large and [illegible] meetings were held at Martinsville [illegible] Brookville Fort Wayne New Albany Terre Haute Brownstown and Indianapolis. Among the speakers were Gov Baker candidate for Governor and Wm Cumback candidate for Lieutenant Governor on the Union ticket Gen J M Palmer candidate for Governor of Illinois Gen Carl Shurz Wilson [illegible] and many others. Gen John A Logan [illegible] spoke at various points from the [illegible] The Democrats [illegible] of carrying [illegible] than [illegible]

[illegible]

[illegible] of a [illegible] who has not [illegible] the people [illegible] never deserted their favorite state man and I do not believe they ever will. They believe in Colfax, they are proud of him they almost idolize him. The State election takes place on the [illegible] Thos A Hendricks at present a member of the U S Senate is the Democratic candidate for Governor

ILLINOIS

The canvass in Illinois has been very active and spirited. Large Republican mass meetings have been held in Chicago Galena Quincy Alton and in most of the towns and counties throughout the State. Gen Palmer the Union nominee for Governor [illegible] the candidates for Congress who have nearly all been renominated and many others are taking part in the canvass. The State election takes place on the same day as the Presidential election. Democrats don't claim Illinois. It is [illegible] a large Union majority both for the State and National tickets

[illegible]

The State is also conceded to the Republicans. A few political meetings have been held in Detroit [illegible] other large towns. But as the Democrats have no hope of electing Mr Gant [illegible] they do not seem to be making much fuss over it. The State and Presidential elections will be held on the same day. The Republican majority will be [illegible] 000 or more

WISCONSIN

The Democrats are making more efforts in Wisconsin than in Michigan, the Republican majority being smaller and much easier to overcome. Doolittle and Randall used the bread and butter of the Government with a lavish hand in this State but failed to accomplish much. Doolittle & other Copperheads are doing what they can to rally the Democracy but their faith in being able to carry the State must be very weak. The Presidential and State elections occur on the same day

IOWA

In Iowa the State election will be held on the 13th of October. The State is overwhelmingly Republican and a good for a majority of from 30 000 to 40 000 for Grant and Colfax and the State ticket. Both parties are making a lively canvass

MINNESOTA

The State election in Minnesota is on the 3d of November. The Democrats do not claim Minnesota but quite a lively canvass is going on. A large Union rally was recently held at St Paul and speeches were made by Senator Ramsey and others

MISSOURI

J. W. McClurg member of the 40th Congress from the 5th District is the Union candidate for Governor. Gen W A [illegible] was nominated for re election to Congress in the 1st (St. Louis) District on the 25th inst. John F Benjamin of the [illegible]th District and I believe one or two others of the present Congress have also been nominated for re election. Both parties are making a vigorous fight and the Republicans feel no doubt whatever of being able to carry the State for the State and National tickets on the 3d of November

KANSAS AND NEBRASKA

Kansas is safe for Grant and Colfax and for the State ticket in November. In Nebraska the State election takes place October 6th. The Democrats pretend to have some hope of carrying that State. The election will be close but the chances are decidedly in favor of the Republicans

The Democrats are not certain of being able to carry a single one of the above twenty States. But they admit that Grant and Colfax are sure of Maine Massachusetts New Hampshire Vermont Rhode Island West Virginia Michigan, Illinois Iowa Minnesota and Kansas. On the other hand they *expect* to carry Connecticut and *possibly* New York and have a very faint hope that they may have the good fortune to capture New Jersey Pennsylvania Ohio Indiana, Wisconsin and Missouri or at least some of them

The news from the South is not very favorable. The rebels are becoming thoroughly organized and are determined to overthrow the reconstructed State governments if possible. They are assuming almost as hostile an attitude as during the rebellion. A member of Congress who has just arrived in this city from Tennessee says the state of affairs all over the South is truly alarming. The Southern members are trying to get Congress together in September but will not be likely to succeed. They think the rebels will attempt to overthrow the reconstruction laws as null and void and elect Seymour and Blair Electors with the white vote alone and then if they carry a sufficient number of Northern States to make a majority they will insist on counting these illegal votes from the South. Southern Unionists think that unless Grant and Colfax can carry in the North a majority of the whole electoral vote of the United States war will be the result. They cite the Blair letter the Democratic platform declaring the reconstruction laws null and void the declarations of Andrew Johnson to the same effect the speeches and writings of Fort Pillow Forrest Wade Hampton and the Pirate Semmes as evidence that the rebels backed up by the Administration and the Democracy of the North intend to trample in the dust the carpet bag State governments and plunge the country into another civil war if by such a course they can install their candidates in the White House and gain control of the country. But I must reserve the details of affairs in the South for another letter

THE REBEL LEADERS IN COUNCIL AT SULPHUR SPRINGS

During the present week all the leading rebels have been in Council at White Sulphur Springs Virginia. Yesterday evening they indulged in a grand masked ball. Among the managers were Robt E Lee G T Beauregard Alex H Stephens Gov Lukens Gov Letcher and nearly all the leading spirits of the rebellion. Gen Rosecrans was in secret council with them several days, and has just returned to Washington

MEXICAN MISSION

It has been stated in the newspapers that Gen Rosecrans is instructed to extend to President Juarez and to each of the various factions in the Mexican Republic and establish a stable form of Government in return for which the United States [illegible] a portion of the Northern territory of Mexico. The President's confidential friends say that this statement is exactly [illegible] They affirm that the instructions to Gen Rosecrans are general in terms not specific in details as to any plan whatever *except* one clause and that is the emphatic injunction to remain entirely neutral and keep aloof from the controversies of the various contending parties and factions in Mexico

THE PRIZE RING

Another of those disgusting exhibitions called a prize fight took place last Monday, in Virginia near the mouth of the Potomac between Sam Collyer the notorious bruiser of Baltimore and Billy Edwards of New York. They fought forty seven rounds in one hour and twenty minutes when Edwards was declared the victor and Collyer was carried from the battle ground to the boat horribly [illegible] mangled. It was Edwards first effort in the manly art and Collyer's seventh the latter having always been victorious before except in one engagement in which he was whipped by Barney Aaron of New York last summer in Virginia near the Potomac about [illegible] miles below here. A steamboat load of roughs went down the Potomac from this city and another boat load went down the Chesapeake from Baltimore to witness the performance. The Baltimore [illegible] to a terrible fight on the boat while going down a little after 12 o'clock on Sunday night. Pistols and knives were used indiscriminately. One man was shot and seriously wounded. Several others were slightly wounded [illegible] During the [illegible] men fell overboard and were drowned

[illegible] ALASKA

In accordance with the act of Congress approved July 27th 1868 extending the laws of the United States relating to customs commerce and navigation over Alaska the President has issued an Executive order constituting Sitka a port of entry for the collection district of Alaska. A few days ago $[illegible] 000 was received at the Treasury, being the first money collected as duties on imports into Alaska under the revenue laws of the United States

WASHINGTON TERRITORY

Puget Sound sends large quantities of hoop poles to San Francisco

Surveying parties are now at work east of the Cascade mountains along the Columbia river

The Olympia *Republican* says that J G Swan, Esq well known as the author of an interesting book on Washington Territory is about to publish another work on the same subject under the auspices of the Smithsonian Institute

An Olympia paper is much excited because the people of Oregon will persist in using the Columbia river for shipping, instead of going to the Sound. Now if the Columbia suits us, isn't it a little inconsistent for our neighbors to complain?

The Walla Walla *Statesman* says that a brother of Judge Wyche is coming from Mississippi to that place to live, because he is "heartily sick of free niggers" What a pity that the law of the land now gives every man a right to enjoy the proceeds of his own labor!

Seattle, says the *Tr[illegible]* is rapidly improving with good prospects for the future. The reviving of the lumber business has had a good influence on its prosperity, while the improvement of the farming interests on the rivers swell the trade of the place. Money is said to be plentier than ever before

The Louisville *Journal* says "I have just seen Col R C Mason, of Virginia, who spent a day before yesterday with Mr Seymour, at Utica. He thinks the financial condition is not generally understood, and is confident that the west will approve his views when they come to be known fully. Mr Seymour is of the opinion that Grant will make a poor run in all of the Middle States, and that he will lose several of the New England States." Oh! certainly. Oh! that "whelming tide" which caught up Horatio in Tammany Hall! Grant will "lose several of the New England States." Perhaps Maine is one of them?

Says the Jacksonville *Reveille* Mr J W Plymale who came in from Fort Klamath last week, told us that he counted 120 freight wagons on the way to that post. In addition to this number 20 had arrived there before he left, and he found here 20 more loading, making in all 160 teams running from this valley to Fort Klamath.

When Seymour was nominated he [illegible] that he had been caught up by an overwhelming tide bearing us on to great political [illegible] The trouble was he mistook the rebel yell in Tammany Hall for the acclaim of the nation.

The returns of the elections so far, have been such that Democrats are greatly [illegible] to Seymour

NATIONAL UNION NOMINATIONS.

For President:

U. S. GRANT,

For Presidential Electors:

O JACOBS of Jackson
WILSON BOWLBY of Washington
A B MEACHAM, of Umatilla.

Please Don't

All men admire pluck Boldness always challenges admiration Audacity has that quality which will, in any event make itself felt and appreciated Even impudence, when it rises to its highest state produces in the beholder something akin to admiration The animal of diminutive size but of strong odor that challenged the lion to mortal combat, is a type of a class of human individuals who are always attempting to "tackle" something of gigantic proportions They expect the world to admire and applaud their courage and the world would be but a cynic and a churl if it refused.

On this principle we must admire the boldness of Hon Tappertit Trevitt of Wasco he of the dandy habit and poodle dog, who is attempting great things in the Legislature of the sovereign State of Oregon Hon T T gives evidence of having a great mind that is to say, he believes with a noted character with whom our country was once acquainted that some things can be done as well as others He therefore proposes in solemn form to annul the Constitution of the United States. The petty and paltry details of State legislation are left to the care of those who can bring their minds down to such mean trifles. Hon T T soars above the common herd and looking around for an object worthy of his powers, he resolves to "tackle" the Federal Constitution and to prune it of that portion which he thinks makes a "nigger" the equal of him and of those whose suffrages placed him in the high station he fills Hon T. T has decreed that the fourteenth amendment shall not stand It is to be swept away under the scorching blast of his mighty displeasure. "Radicalism" may now tremble in its strongholds. All its achievements are to be turned to dust and ashes and brushed away.

We beseech Hon. T T to hold his hand We beg that he will not pursue his object so relentlessly as did the original Mr Tappertit, the youth of shapely legs, who resolved to revolutionize the whole internal economy of the British Islands If this thing starts there, who knows where it will stop? Who or what power can set bounds to the ambition of so great a man as he who proposes to brush away those parts of the National Constitution which displease him? We entreat Hon T T. to abandon the role of a Caesar. We beseech him to let us have "the Constitution as it is." We appeal to him not to drive his privilege of state through that venerable instrument. Standing where he does, with the eyes of the nation upon him, he has a rare chance to show his generosity and forbearance, and to prove that his ambition is tempered by a controlling desire for the public good. We would remind him that while it is a good thing to have a giant's strength it is tyrannous to use it like a giant Will the Hon T T. desist? Let us hope he will before the Constitution becomes a scant and tatter'd rag, and the nation is turned adrift with no chart to guide it

Ho, There!

The Democrats have a clear majority in the Legislature, and they are under obligation to fulfill by legislation the pledges the party has made. It is their bounden duty to pass without delay an act to tax Government bonds Equal taxation has been their cry for the last three years. Their party platforms have demanded that United States securities be taxed like all other property, and every orator among them has dwelt on the wrongs the people have suffered through the "Radical policy" of having the bonds exempt from taxation The "organ" has printed furlongs of editorials on the [illegible] subject We have been told that when the Democrats should get power, the "inequalities of taxation" should be re[illegible]. Will the Legislature therefore see to it at once? Are the hordes of bloated bondholders to be exempt from the burdens of government, and the hard earnings of honest toil taxed to bear them all? Come! ye Solons assembled at the Capital, pass the law your party has promised to give to the people! Never mind the Supreme Court of the United States. If you can change or exchange a portion of the Federal Constitution as you are now proposing to do, you can certainly get over so small an obstacle as Court of law Come! let us have the legislation! You know you have been telling us that honest toil has been taxed to the last extremity, while pampered bondholders are allowed to live in luxury and pay nothing for the support of the government. Fulfill your pledges, and take this burden off the necks of the people!

Democratic Reliability

The *Herald* publishes the following dispatches relative to the Maine election

CHICAGO, Sept 15—Later news from Maine says that the vote was the largest ever polled All the larger towns and cities show Republican gains as compared with last year's vote Representative Blaine estimates the total Republican vote at 75,000, Democratic, 53 000

CHICAGO, Sept 16—There is nothing later from Maine The estimates agree that the Union majority will be 20 000 The vote stands nearly thus Chamberlain 75 000, Pillsbury, 55 000 The Republicans throughout the country are rejoicing over the result.

Yet the *Herald* maintains, editorially that the Republican majority does not exceed 15,000, and closes its article with the following pertinent reply

> What reliance can be placed in a public journal which so uniformly forges its facts and never pretends to quote an authentic record without falsifying it? A cause which demands such advocacy is both disreputable and desperate

'What reliance,' indeed, can be placed on a public journal which convicts itself of unfairness and falsehood, as the *Herald* has done in this case? Surely 'a cause which demands such advocacy is both disreputable and desperate'"

MR DELMAR, of the Government Bureau of Statistics, states that the amount of United States stocks held in Europe is $350 000 000 The major part is held in Germany This is a part of the debt which the German voters in America are asked to vote to repudiate

From this time on our Seymouring friends will have but little to say It may be a trifle rough to "crowd them" [illegible] numbers as they will be crowded from now till November but it can't be helped

The *Hartford* says—"Singular as it may appear, the Democracy will take their defeat in November with a sneeze—Ho ra-tio!"

In pursuance of this act, I call upon good loyal patriotic people, white and black of every county in the State, to proceed without delay to raise companies of loyal men and report the same to me at Nashville Whether companies, white or black, so organized, will be actually called into the field, will depend entirely on the conduct of the people themselves in the several counties I earnestly hope there will be no occasion to call out troops but that the efforts of all citizens to preserve peace will succeed and thus the necessity for this stern resort be obviated, but if unhappily, better counsels do not prevail and order is not restored, as I am compelled to put down armed marauders by force, I prepare to meet them with such numbers and in such manner as the exigency shall demand Whatever may be the consequences, I will not be deterred from the discharge of my duty herein by threats of violence from rebel speakers or rebel newspapers, nor any other means of intimidation."

The Governor adds that he prefers these troops shall be raised in East Tennessee therefore, he does not limit the number of companies for any county In reference to the tenders of Federal troops to keep peace, he says "should the department be furnished with sufficient force to keep order, I will cheerfully co-operate with him In that case the State guards may not be called into service"

The legal aspects of the question have excited much public interest on the subject. Over six thousand women had claimed the right to be registered in Manchester alone Their demands were urged in an able speech before the registering officials, by Miss Lydia Becker After the argument on both sides, the claim was disallowed Similar proceedings took place in other towns. The question has finally been brought before the judges of Westminster and they have overruled the application that women be registered as voters, on account of an amendment to the reform bill, which was passed in the House of Commons, by Mr Mill, which substitutes the words "men and persons" for "man," was rejected By this action the House clearly vindicated the intent and purpose of the bill in this respect

A dense fall of smoke and fog has overhung the city and harbor since last evening It was at first supposed to be the smoke from burning forests in the county of Marin, but telegrams from Yreka, Marysville, Stockton and San Jose report the same state of the atmosphere at these points and it is now supposed to be smoke from burning timber in Oregon A gentleman just from there reports that the fire covers an area of two hundred square miles on each side of the Columbia

LETTERS FROM THE CAPITAL

A TEMPORARY CALM

Things are getting toned down a little both houses having permanently organized The first battle, or rather slaughter, ended, both parties are drawn off temporarily to catch their wind The Democracy naturally are flushed with signal victory, and so far as outward evidences go, they are both happy and content for the moment

ANOTHER SLAUGHTER IN PROSPECT

But there are other signs of war up with the h[illegible] and the present calm is certainly only the prelude to another battle and possibly another slaughter I omitted to mention in my letter of yesterday that the petitions of C B Bellinger and Daniel Carlile both Democrats, to be admitted to the seats now occupied in the House by Messrs Bonsal and Alexander, Republicans, of Benton county were yesterday presented to the House and referred to a select committee Messrs Cox Gray Gilfrey, Minto and Simpson This committee is already at work on the job assigned them The official returns showed Bellinger to be 10 votes behind Bonsal, and 16 behind Alexander Carlile was 12 behind Bonsal and 18 behind Alexander The special committee to whom the matter is referred stands three Democrats and two Republicans An early report may be looked for

Mr [illegible] of Clackamas, member of the House, appeared and was sworn in to day Mr [illegible] is the only member now absent

RELIGIOUS MATTERS IN THE HOUSE

A long discussion occurred in the House this morning upon a resolution to invite the clergy to open daily sessions with prayer A member wanted to amend the resolution so as to also invite some musical choir to attend and sing Several gentlemen mostly Democrats, made remarks derisive of the proposition and two or three spoke seriously After considerable merriment had been excited Mr Lichtenthaler of Marion said it was disgraceful and shameful to treat sacred matters of this sort with so much levity and trifling Mr Gray of Grant said if the gentleman didn't want the sacred things treated in a trifling manner he must not bring them into such a trifling place as we're in, to that effect Mr Davenport of Marion put to a comfort shot by saying that upon the whole he thought this body ought to do without the services of a minister as he considered a minister would be out of place in a Democratic Legislature Mr White, (Dem) said he thought the stuff preachers not fit to come into a Democratic Legislature as Democrats were gentlemen and loyal men Efforts were made in several directions to dispose of the resolution, but a direct vote was finally obtained and it was adopted by a bare majority

JOINT CONVENTION—GOVERNOR'S MESSAGE

At two o'clock, by previous mutual agreement, the two houses met in joint convention in the hall of the House of Representatives, to receive Governor Woods' Annual Message. Being waited upon by a committee the Governor appeared and read his message It is an elaborate [illegible] containing numerous general suggestions as to needed legislation and a [illegible] statements of the several questions and matter in which the State has large interests I trust that it may be in your hands by the mail and I will publish it to-morrow [illegible] It is almost universally spoken of in terms of high commendation by the fair and candid men of all parties The Convention was dissolved immediately upon the conclusion of the reading and the House at once adjourned

IN THE SENATE

After the reading of the journal this morning Mr Crandall asked to have the journal corrected and to have the credentials of Mr Nels, of Grant, spread upon the record This was denied by a party vote

A resolution allowing each Senator to subscribe during the session for five newspapers, at the public expense, was adopted

Just previous to the afternoon adjournment, Mr Trevitt gave notice of the introduction of a bill to cede title to the United States of sites for United States branch mint at the Dalles and other public buildings

SOME THINGS TO BE UNDONE

Mr Trevitt also gave notice that he would hereafter introduce a joint resolution to rescind the resolution of the last session ratifying amendments to the Constitution of the United States and to withdraw the assent of the State to the Fourteenth Amendment. The resolution, when introduced, will probably be adopted, and Mr Seward will be an old fogy sort of man, will learn to his astonishment and dissatisfaction that he has proceeded altogether too inconsiderately in declaring by formal proclamation that the 14th amendment has been approved by the requisite number of States and is now a part of the Constitution I feel sorry for the old man

PETITIONS FROM PORTLAND

A petition has been received from Drs Filbe Chapman, Watkins, Wilson and Glisan, of Portland, for an amendment to the law regulating the matter of a visiting physician to the Insane Asylum, so as to authorize the organization of a Board of visitors, to consist of three physicians

Another petition has been received from merchants and business men of Portland asking for a law providing that agents of San Francisco or other wholesale houses outside of this State, who travel through this country in the capacity of what is known to the trade as "Drummers," be considered as peddlers and taxed accordingly

POLITICAL

Guy Woods not long since received an invitation and an earnest request from the Republican State Central Committee of California to visit that State and to assist in the canvass of the State during the present campaign At the same time, and repeatedly since, he has received similar invitations from leading Union men of California—to all of which, on account of ill health he has been compelled to return reluctant answers of declination

The news of the largely increased Republican majority in Maine gave the liveliest satisfaction to Union men here and banishes the last vestige of a doubt of the triumphant election of Grant and Colfax in November The Democrats are not particularly joyful How could they be?

WHEAT MARKET —Apropos of what we said yesterday relative to the probabilities of the market for Oregon grain of this year's production, we publish the from the San Francisco *Market Review* as a in which Oregon is equally interested. Grain slowly although market prices are far than was generally expected and it is believed, than the markets depending upon us for supplies will warrant. How long this state of things will continue it is difficult to predict and the only wonder is that our farmers are so slow in the full benefit thereof. There is scarcely a buyer upon the market but what expresses great sur at the high rates current and now paid for grain both here and in the interior but fail to bring the entire , while expatiating upon the risks of clamming at high water, parties are found actively engaged pur wheat all over the grain growing districts of the State. The grain receipts at the Bay are at this date below those of the corresponding period of paid for wheat above those current a while the yield is estimated at 33 per cent point of fact the farmers are now returns for their labor. There is no the basis of the coast is widening and changing. Competition is more rife, and in afford than heretofore. The great attending the handling of our crops the has left parties in interest with hand margins in profit, and exporters as well independent of capitalists, nor are heretofore, needy borrowers from the many farmers were obliged to their land and even pledge their crops seed and bags with which to market give their notes at bank for still more money, harvest. Now all is the farmers have large sums of idle capital in the hands of their commission agents and are that men—able to steer their own their own new papers, charter vessels and ex grain crops to New York, Liverpool, or though many of them have thus be it is well for them to remember that success in their wake. Some of them al this by dearly bought experience. Late of last year's crop did not turn out well. We one farmer who last fall and winter for their wheat, and were at to export their heavy crops upon which the to be considerable, while others the worst, are complaining most bitterly for not selling at the right time or other imaginary grievances. Farmers are yet to learn that their in following the market—to sell as occasion for the highest notch obtainable dearth or scarcity. With us on the Pacific of the year is the best time to sell by reason of which intervenes between us and an At the same time high rates of inter count up rapidly to offset almost any rise , usually ensue thereafter. Besides, we are forced to compete with which usually comes here in quantities and at a period when heavy ex and which cannot be over competition alluded to

A few words of gratuitous advice.—It is frequently asked by persons suffering from one of the multifarious ailments of the chest resulting from a cold what do you consider the best and most certain remedy for my complaint? the answer is without qualification get a bottle of NEWELL S PULMONARY SYRUP and use it according to directions and upon the word of a candid man you will get immediate relief

Facts for the People.—Statistics show that within the last year more than ten thousand children in the United States have died of the terrible disease, Diptheria and over six thousand of Putrid Sore Throat. We confidently believe that nineteen twentieths of these victims might have been saved by the timely use of DR E COOPER S UNIVERSAL MAGNETIC BALM

Electro-Silicon is not a chemical compound but a natural production or deposit of the minute shells of Infusoria and is found in the State of Nevada. It is ascertained by analysis to be pure silex or silica containing nothing that is injurious for the purpose that is recommended. It gives a beautiful lustre to Gold Silver and Plated Ware and also brightens and cleans Tin and Britannia Ware in the most surprising manner. After using it once no housekeeper will ever be without it

Manufactory Established in June, 1851.

HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts

The undersigned who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions; the sale of which daily increases. The acknowledged superiority of his merchandise which commands here, and in the markets of the interior a relatively higher price excites the cupidity of manufacturers and every day he sees increasing the number of those who, by counterfeit or imitation of his mark seek to deceive the public palming upon them their inferior productions for the genuine G VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned and placed on their guard against this practice

An Immense Republican Mass Meeting in Cincinnati.—The Cincinnati *Evening Commercial* of the 24th says of the great Republican demonstration in that city on Saturday last:

"The grand Republican mass meeting and accompanying procession of the Grant Guards was, as we predicted it would be, one of the largest and most imposing demonstrations in this city. At an early hour in the evening the thundering of cannon, blazing of bonfires and glare of rockets gave notice that the clans were gathering at the place of rendezvous. Shortly after from every point of the compass could be seen moving toward the common centre, the different delegations with their torches glaring, banners waving, music sounding, and accompanying crowds of enthusiastic admirers cheering. Under command of Major General Baldwin and his efficient staff, excellent discipline and order were maintained. The different companies, regiments and brigades fell into line, everything moved on as regularly as clock work, and promptly at the hour designated, fifteen minutes before nine o'clock, the command "forward" was passed along the line, the guns thundered, the music sounded, the vast assembly cheered, and the great procession of nearly 4,000 voters swept on over the prescribed line a broad stream of living fire, from which rose many flags, broad banners of beauty, and innumerable transparencies of all sizes, designs and shapes.

All along the route the streets and sidewalks were crowded with people, who gave proof of their enthusiasm and love for their country by repeated cheers, the waving of handkerchiefs, burning of bonfires, firing of rockets and other fireworks. The scene as the procession entered the market space and countermarched before the speakers' stand, was one of the most beautiful and impressive we ever beheld. As the head of the column started, the vast crowd of upward of 20,000 souls, wild with excitement, but well behaved and orderly, fell back and made way for the glittering line. Speaking was commenced, cheer on cheer ascended, rockets blazed with trailing course of fire high up in air, and bursting fell in golden showers, the cannon pealed, the peoples voices rose in defending shouts, while on the end of the market house, in letters of fire appeared the words "Grant, the Conqueror of the Rebellion."

The New York *World* has engaged some sapient military critic to write down General Grant and prove what a poor soldier and wicked butcher he was. The Philadelphia *Post's* military man comes to the assistance of the *World*, and with pungent wit tells how General Grant should have done, as follows:

"He ought to have formed a brigade line of regimental columns doubled on the centre, then moved by parallel regimental columns right in front, spent six months in some oblique, front face left wheel, in front of a wooden cannon, then marched up the Peninsula with feet front and toes turned out, to the Chickahominy, then laid backs down, eyes closed and heels turned up, for two months in the mud, and then retreated, right oblique, hair on end, and coat-tails flying, on the road he came. This is the way McClellan did, and he was a great Democratic General, and all the distinguished rebel soldiers were very much offended when he was removed. The truth is evident that Grant won all the battles and suppressed the rebellion by transgressing these time-honored rules, and we hope the American people will properly punish him for it next November."

Gen. Rousseau.—The New York *Times*, July 29th, says:

Gen. Lovell H. Rousseau has been defining his position. He was invited to speak [illegible] at a Democratic meeting in St Paul the other night; but felt obliged reluctantly to refuse, because he was an officer, and it was not becoming for officers to have opinions. Nevertheless he made bold to say that he was an uncompromising Democrat, although holding a commission in the army, he did not feel at liberty to express preference for either one side or the other. He would go so far as to acknowledge, however, that if there was anything he did hate it was a Radical. He would not say whether he approved of the Democratic principles and policy or not but heartily wished success to the Tammany ticket. Finally, it was not becoming for military men to talk about politics, and therefore though he could not consent to make a speech, he would cheerfully write a letter. Some people think Gen. Rousseau is the handsomest man in the army.

Readers will remember the description given a year or two ago of "Lake Majesty," in the Cascade Mountains, about sixty miles from Jacksonville. The *Sentinel* of the 12th says in regard to the lake: A party of gentlemen start to-morrow to make a thorough exploration of this wonderful lake. They are provided with the material for a boat, and will probably sound its depths. Last week Messrs. Cawley and Beal, of this valley, and Capt. Sprague visited the lake and the two latter with some difficulty, descended to the water. Mr Cawley says that his two companions did not seem to be more than six inches in height when they reached the edge of the water, and some idea of the immense distance from the crest of the mountains surrounding the lake may be formed when it is known that it takes a rifle ball, fired from the edge of the basin, about seventeen seconds to reach the water. These gentlemen estimate the distance across the lake at nearly ten miles, and the distance to the water from the most [illegible] point at over one thousand feet. Britt accompanies the party to take photographic views, and we may soon expect Lake Majesty to be famous as one of the grandest of natural scenes.

Spot in the Sun.—The New York *Evening Post* of August 24th says:

The existence of a large spot in the disk of the sun was mentioned in the *Evening Post* about ten days ago, and W. S. Gilman, Jr. sends us this morning a lithographic sketch of the appearance of this spot, and says that he made the sketch at New Haven with a 9 inch glass, having a magnifying power of 290. Mr. Gilman adds that this was the most remarkable sun-spot he ever saw. The length of the spot was 5,500 miles, the black portion extending for 25,000 miles, or, to give a more familiar idea of its magnitude, two planets, each as large as our earth, could have been engulfed within this chasm without squeezing. The periphery of the central spot was mottled with black and gray dots. The lithograph has a very curious appearance, somewhat resembling a capital Q, on a comet with a curled tail surrounded by an infinite number of small specks of a grayish tint.

The Southern Democracy are giving the negroes of that section "*the choice of tickets*" at political barbecues, marching them in their processions, and speaking with them from the same stand, and yet, Rev. Joseph Smith "impeaches" the Radicals, for "attempting to force social and unnatural equality between the African and Caucasian." Why don't he denounce his Southern comrades?

It is a curious fact that while the Democratic press of California denounces the Chinese treaty as a great concession to China without any gain to the United States, the English press denounces it on the pretence that it secures great and exclusive advantages to the United States and builds up American influence in the Chinese Empire over the ruined trade and prestige of England.

The New York *Times* says that, with the Republican party united, New York State will give Grant a Republican majority of at least 50,000. Among the business classes of New York city, thousands who do not ordinarily vote the Republican ticket are now sustaining Gen. Grant.

The "unterrified" expect this Legislature to drive all the Chinamen out of the State, repeal the tax on whisky and pass stringent laws to keep the nigger down and prevent him from becoming as good as a Democrat. Will that body please to look after these matters?

The Cincinnati *Gazette* says that prominent Democrats [illegible] the nomination of [illegible] for Congress in the Third District, [illegible] State. The representative Democrat at [illegible] [illegible].

Gen. Grant's great grandfather, Noah Grant, commanded a company of white and black men in 1756, and fell at the battle of White Plains, as did his brother Solomon Grant.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing effect in cases of nervous excitement as DR. HOSTETTER'S STOMACH BITTERS. Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dyspepsia, Liver Complaint and Intestinal Disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all periodical disturbances and derangements to which as a sex they are subject. It cheers and lightens the depressed mind as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

EXTINGUISHER
PORTABLE
SELF-ACTING FIRE ENGINE!

THIS INVENTION HAS FOR ITS OBJECT THE extinguishing of Fires in a more instantaneous manner than has hitherto been discovered.

The advantages derived from the use of the EXTINGUISHER are as follows:

Every fire begins on a small scale, and its rapid and uncontrollable increase is owing to the fact that at the time it is commenced (when every moment's delay in checking it is of the utmost importance) no means are ready at hand.

The EXTINGUISHER is the only Engine that fills this requirement.

It is always ready for use, though standing unused for years.

It puts out Fire instantly.

It saves the great deluge of water now used for this purpose.

It is as effective in the hands of a Boy as the most experienced Fireman.

It is portable and as easily handled as a bucket of water.

It possesses within itself the power of a force pump and as effective as a Steam Engine.

It is the only known invention that will put out Fires from Kerosene, Tar, Naphtaline, and combustible materials now in common use.

PRICE—No. 1 $50, No. 2 $55, No. 3, $60.

616 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin diseases of years standing and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of people, both male and female, are [illegible] [illegible] with [illegible] [illegible] diseases, [illegible] [illegible] [illegible] that pallid emaciated and [illegible] faces [illegible] down, nations, disqualifying them for the happiness of marriage or the enjoyment of life. [illegible] thousands suffer until death [illegible]. Let parents, guardians, friends attend to those who are suffering with any of these horrible life destroying maladies—see that they are cured [illegible]. Send them immediately to Dr. Gibbon, a physician who has made private diseases his special study for years and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all the [illegible] publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and their places. Be therefore careful and make strict inquiry or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emissions the consequence of self abuse. This solitary vice or depraved sexual indulgence is practised by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief is not obtained should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible, and will give to each patient a written instrument binding himself to effect a radical and permanent cure, or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, by Ten Dollars sent in registered letter or through Wells, Fargo & Co.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who, with bogus sworn certificates, dupe the unwary. Some of the self styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are formerly shoemakers, newspaper writers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing, and may save you many regrets, for as advertising physicians in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr. Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he proposes to cure.

Address DR. J. F. GIBBON, 616 Kearney street, corner Commercial, San Francisco. Post Office Box 252.

REMEMBER TO PUT BOX 252 ON THE LETTER.
